| Kevin Spooner | | | Well maybe you are or maybe | |
| Member Registered: Jan 2001 Posts: 46 | | | Just an obviously curious note: If you were returning from the 1970's to 2036 (um the years) and you are using a time-travel machine why on earth would you just pe stop in 2001? Let alone have a web page. | |
| | | | Answer welcome - I didn't know time travel had resting stops between scheduled trip I'm not going to disbelieve on that basis, just curious. | os? Hey - |

| John Titor Member | My initial flight was from 2036 to 1975 (61 yrs). I then went from 1975 to 2000 (25 yrs. this year, one of two favorable windows will open and I will return to my 2036 (35 yrs.) | |
|--|---|---|
| Registered: Jan 2001 Posts: 96 | here now for personal reasons. The web page is not mine. I have been speaking online about three months and the page is a collection of the various documents and pictures sent to other individuals. | ne for |
| | Also, I realize there is no way for anyone to believe me with absolute certainty so I hop least entertaining. You may be interested to know that even in 2036, there are a large of people who don't believe in time travel. Are you sure the world is round? | |

| 01-28-2001 06:35 AN | I read the q&a on the link posted and I found it to be very interesting. Whether you are | |
| Member Registered: Jan 2001 Posts: 4 | traveler or not is not relevant. This is a very probable scenario of what our future holds continue on their present course. Sometimes we need to step out of a situation in order it more clearly. A time traveler from the future "seeing" the events of the day helps in understanding the current social/political trends. You hit it square on the head, in my o enjoyed reading it, thanx! | er to see |

| Membar confused by your choice of questions. I fail to understand why a time traveler would be expected to know the details you ask. Right now. do any of you know the details of the first week in Fabruary for 1970? For that matter, could you tell me from memory if it rained in Atlanta last week? Is a sports almanac a required or expected piece of equipment for all "time machines?". At least you didn't ask the standard "what stocks should I buy" question. Interesting that no one ever asks which stocks to sell. The sure my answers will be quide unsatisfying but you should know the detailed on that agree should give it so easily if a "time traveler" were able to answer those questions. In fact, over this medium, it's impossible to prove The a time traveler, therefore, it's impossible to believe. Actually, I depend on that agree deal so I don't have to worry about being picked up by your friendly law enforcement officers. What do you think they would do with two microsing up your friendly law enforcement officers. What do you think "IT" is? I. I have no idea. (2). It looks like some sort of motorized scooter. What do you think they would do with two microsomething I've told them.
